Westward has the part!

Westward has the part! That's our commitment to you, and that's what sets us apart. Westward Parts has over 45 years of expertise with all makes of agricultural parts, sprayer parts, sprayers, as well as ground maintenance and estate equipment. Our Canadian dealers are served from three different warehouse locations across the country, and our Australian dealers are served through the MacDon Parts Distribution Centre in Melbourne. Westward Parts offers our dealers the most comprehensive product portfolio and exclusive product offerings. And it will all be delivered on time, with an enjoyable customer service experience that won't let you down.

How to Order

Welcome to the Westward Parts Sprayer Parts Catalogue!

This catalogue is divided into 9 sections:

1	Nozzles and Nozzle Accessories	
2	Valves and Manifolds	
3	Gauges and Calibration	
4	Fittings & Cam Locks	
5	Hose	
6	Pumps	
7	Spray Guns and Accessories	
8	Tanks and Tank Components	
9	Monitors and Accessories	

Color Coded
For easier navigation!

Westward Parts Authorized Dealers can now order parts in two easy ways!
You can now order by **Manufacturer Number**, or by **Westward Part Number**.

	 Online	 Phone	 Fax

Parts offered by Westward Parts Services Ltd. are provided by different manufacturers. The use of OEM part numbers are for identification purposes only - No implication is made that the parts are, in fact, the OEM part (unless specified otherwise). The product images shown are for illustration purposes only and may not be an exact representation of the product.

This catalogue is intended for quick reference use. While a great deal of effort has been made to ensure application information, descriptions, and specifications are accurate, Westward Parts Services Ltd. cannot guarantee accuracy as a result of ever-changing model information, product updates, and superseded parts. Westward Parts Services Ltd. will not be liable to any third party should any of the information contained within this catalogue be in error.

Westward has the part!

Liquid Gauges

Gauges, Sensors, Wiring

Elite Brass Series Pressure Gauges (Liquid Filled)

WGI Elite series brass pressure gauges have a 304 stainless steel case for use in harsh or corrosive environments, liquid filled for significant cushioning, and pulsation dampening which reduces pointer flutter and internal damage. Industries suited for these gauges include: oil and gas equipment, refineries, hydraulic equipment, agricultural equipment, pressure washers, pumps, compressors, and process systems.

Features:

Case Material: 304 stainless steel, top nitrile vent plug with valve and lens seal

Fill Fluid: Silicone

Lens Material: Acrylic & safety glass (ranges over 5000psi)

Dial: White aluminum with black and red lettering (UV Resistant Paint)

Pointer: Black aluminum

Accuracy: ± 2%-1%-2% ASME B40.1 Grade A

Tube & Socket: Brass tube silver soldered to brass socket

Temperature Limits: -60°C to 70°C ambient and medium

Pressure Ranges: -30" Hg. Vacuum to 10,000 PSI/kPa

Sizes: 2½", 4"

Dry Gauges

Gauges, Sensors, Wiring

Classic Series Pressure Gauges (Dry)

WGI Classic series pressure dry gauges are for general service applications where cost savings are needed. Dry Classic series gauges are used in many different industries such as pumping systems, hydraulic or pneumatic systems and compressor packages and also as a contractors gauge.

Features:

Case Material: Black Case - Power Coated

Fill Fluid: None

Lens Material: Glass

Dial: White aluminum with black and red lettering (UV Resistant Paint)

Pointer: Black aluminum

Accuracy: ± 3%-2%-3% ASME B40.1 Grade B

Tube & Socket: Brass tube soldered to brass socket

Temperature Limits: -20°C (-4°F) to 70°C (158°F) ambient and medium

Pressure Ranges: -30" Hg. Vacuum to 1000 psi/kPa

Sizes: 1½", 2", 2½", 3½", 4"

Dry Gauges

Westward Parts offers its own affordable line of 2", 2-1/2" dry gauges. These gauges are designed for use with gas, oil, and water or any medium not corrosive to brass or bronze.

Features:
Movement: Brass

Window: Acrylic

Case Material: ABS standard

Pointer: Black aluminum

Accuracy: ASME/ANSI B40.1 Grade B (3- 2-3%)

Connection Size: 1/4" MNPT

Sizes: 2", 2½"

Calibration/Adjustment Accessories

Calibration Equipment

Water and Oil Sensitive Paper

These specially coated papers are used for evaluating spray distributions, swath widths, droplet densities and penetration of spray. Water sensitive paper is yellow and is stained blue by exposure to aqueous spray droplets. White oil sensitive paper turns black in areas exposed to oil droplets.

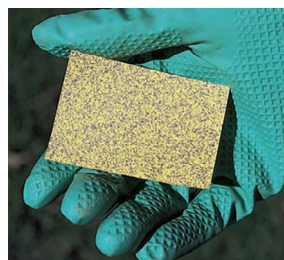

Note: Water and oil sensitive paper sold by TeeJet Technologies is manufactured by Syngenta Crop Protection AG.

How to order:

Specify Mfr Part Number.

Example: 20301-1N

Water Sensitive Paper

SM-18

Skymate has been a best-seller for 10 years! Convenient jackknife design, features, accuracy, and price make this a great value in a handheld unit. The jackknife case allows more precise wind speed and temperature measurements because the users hand is distant from the wind impeller and temperature sensor, to measure undisturbed air flow. Skymate is water resistant and has a high-visibility case. For the most precise measurements, it can be used with the optional wind tunnel, Model SM-WT; or tripod mounted using the optional tripod mounting fixture. The SM-18 wind meter is designed with a wind speed accuracy of better than +/- 3% and includes a 2-Year warranty.

Features:

- Wind Speed
- Temperature
- Wind Chill
- Displays current, maximum and average wind speed
- Water resistant and floats

SPPSM18

WM-300

The WM-300 is a comprehensive instrument for agriculture, forestry, emergency management and other industry professionals. In addition to relative humidity, the unit measures dew point, wet bulb, Delta T, temperature & wind chill. It has a USA-made fluxgate compass for precise digital wind direction measurement, and it can also be used to calculate crosswind, head/tail wind readings. Unlike a traditional compass, the WM-300 reads when held vertically and can be used to take a bearing on a distant landmark or reference location. The WM-300 includes the Accuweather patented Comfort Index, which is the effect of temperature, wind speed, relative humidity and sun intensity on the human body for a superior human based reference to Heat Index. WM-300 can be tripod-mounted and accommodates the Model SM-WT wind tunnel accessory for very precise measurements. All WindMates are designed with a wind speed accuracy of better than +/- 3% and have a 2-Year warranty.

Features:

- Wind Speed
- Wind Direction
- Temperature
- Relative Humidity
- Wind Chill
- Wet Bulb
- Dew Point
- Delta T
- Comfort Index (Accuweather.com patented)
- Digital Compass
- Displays current, maximum and average wind speed
- Reports wind direction in both degrees and compass points
- Calculates head, tail and cross wind
- Water resistant and floats

SPPWM300

Mfr Part #	Description
SM-18	Pocketknife-style case makes for easy portability, water-resistant, floating. Accurate to 3% with wind speeds
WM-300	This comprehensive instrument measures wind speed and direction w/ cross with head/tail wind, temperature, relative humidity, wind chill, dewpoint, wetbulb and Delta T.

How to order:

Specify Mfr Part Number.

Example: SM-18

Calibration Equipment - Green Leaf Technologies

Mnf Part #	Westward Part #	Description	Page
QC02	SPP74746	Quickly and easily measures the amount of liquid being dispersed through spray nozzles, and calculates application rates. Can also be used to adjust nozzle flow rates, determine nozzle accuracy, and evaluate line pressure losses.	3-4

Calibration Equipment - Teejet

Mfr Part #	Westward Part #	Description	Page
20301-2N	SPP74826	Calibration Paper 76mm x 52mm (50 Pack)	3-4

Wind Meters, Environmental Sensors - WeatherHawk

Mfr Part #	Westward Part #	Description	Page
SM-18	SPPSM18	Pocketknife-style case makes for easy portability, water-resistant, floating. Accurate to 3% with wind speeds	3-5
WM-300	SPPWM300	This comprehensive instrument measures wind speed and direction w/ cross with head/tail wind, temperature, relative humidity, wind chill, dewpoint, wetbulb and delta T.	3-5

Gauges, Sensors, Wiring - Other Brands

Westward Part #	Description	Page
SPP2141GXB5000	Gauge 0-5000 psi 2-1/2" Dial	3-3
SPP2141GXB60	Gauge 0-60 psi 2-1/2" Dial	3-3
SPP77525	Gauge 0-300 psi 2" Dial	3-3
SPP77526	Gauge 0-400 psi 2-1/2" Dial	3-3
SPP77530	Gauge 0-1000 psi 2-1/2" Dial	3-3
SPP77548	Gauge 0-5000 psi 4" Dial	3-3
